## Old Business

**Good “Worship” Question** - Jill submitted questions for publication in the bulletin this summer. Mary will produce questions to be presented to the worship commission for approval for publication.

**50<sup>th</sup> Anniversary of the New Church Edifice** - Full steam ahead. Soft kick-off (announcement) June 23 at parish picnic. Golf tournament to be held June 23 at Brightwood Golf Course.

**EM and Lector Leaflets** - Pat received feedback and is editing the leaflets for approval.

**Marriage prayer** – Worship commission will research and propose a Family Prayer to replace the Marriage Prayer in the hymnals to be said the first Sunday of the month every other month at the weekend Masses. This will be added to the goals for 2018-2019.

**Automatic door openers** – Automatic door openers are very costly. There is the thought that if there is an opener by the restroom near the parish office, it will be a temptation for the children passing by and will need to be repaired often. Restroom next to the library in the narthex could be an alternative location for the automatic door opener.

**Safety and Security in Places of Worship** – Four will be attending the Safety and Security in Places of Worship Seminar at Eaglebrook Church in Anoka.
