## Open Items:

- Core Values: "Willingness to Grow" discussion was the main focus of our meeting. Our willingness to grow makes us come together as a Parish. We need to increase our willingness to volunteer, participate, help others and do things that are not always easy. We shared ways that we have been finding growth in our relationships with Christ. About taking the time to be quiet and calm and let the Lord speak to us. Being proactive with Prayer and focusing on the Lord over everything else going on in our lives. All members of our Commission contributed to this conversation with some very personal things they do to strengthen their relationship with God. If we as a Commission and PLC have a willingness to grow ourselves, it should radiate throughout the Parish. This discussion left me convinced that not only do all our members have a willingness to grow that they have a deep desire to grow!
5. Old Business: Jessica to attend our meeting in February to discuss the Connect Group, etc. Discuss Liaison contacts made and any request for assistance we may have received. Keep inviting them to join our meeting should they be interested. Discuss any progress looking for new PGA member. Assist with NET Team accommodations, meals etc. if possible.
  6. Reminder: Next month's meeting is on **February 18, 2020**
  7. Closing Prayer: We closed with a JOY prayer.

Maria Larson, Notetaker (Thank You!)
